PC Leasing

Make your PC Portfolio Management Easy

Forsythe's comprehensive approach to PC management addresses the entire lifecycle of your technology. Our PC leasing business solutions are designed to help you optimize your IT infrastructure, maximize your operational flexibility and lower your overall costs. Our industry-leading multi-vendor procurement and management capabilities—in addition to our extensive financial solutions offerings—allow us to serve as your single source for PC asset management.

Unlike other leasing vendors' limited offerings, Forsythe operates as your comprehensive provider for PC acquisition, portfolio and financial management. We help you achieve long-term savings by building your entire PC operation systematically and holistically. Forsythe makes PC leasing flexible, easy and cost-effective.

PC Leasing Options

Forsythe offers three PC leasing options: Premier, Platinum Premier and Platinum Premier Plus. Each option has comprehensive but specialized features to fit your needs. All are designed to maximize operational flexibility, minimize risk and reduce cost.

Premier

Forsythe's Premier financing option delivers a unique combination of online procurement, fair market value lease rates for all manufacturers and comprehensive portfolio management tools—to enable you to save up to 20% (over the purchase price) throughout the entire lifecycle of your technology.

Platinum Premier

Forsythe's Platinum Premier financing option delivers all of the benefits of our Premier financing option, but also includes several additional features designed to give you even greater operational flexibility. With Platinum Premier, you have the option of keeping up to 5% of your leased

assets at the end of your lease term. This option provides built-in flexibility for dealing with lost equipment or slow-return users.

With Platinum Premier financing, you also receive asset-level control for end-of-lease decisions—allowing for individual asset exchanges. This enhanced management option ensures that you have operational control over your PC assets.

Platinum Premier Plus

In addition to delivering all of the benefits of our Platinum Premier option, Forsythe's Platinum Premier Plus financing provides a free software compliance audit, which includes actionable recommendations and support to ensure your costs are optimized and your software compliance risk is managed. This one-time audit can reduce your software license costs by as much as 5-9%.

PC Platinum Premier Plus also includes a DoD 3-wipe "sanitation method" on all your returned equipment—to provide greater data protection capabilities.

Support Your PC Environment

All three of our comprehensive leasing options—Premier, Platinum Premier and Platinum Premier Plus—along with our customized financial solutions offerings—provide reduced risk and maximum value across your entire technology lifecycle.
